She's Born!!
The ComNet Fairy! Corrector Yui

Scroll Private Middle School
Is that clear?♡ When accessing ComNet for the first time, it is important to make notes of the information appearing on your monitor!♡
OK!
Use Zone-♡
This's why computer class is my least favorite!
Aaaw, I already don't understand what we're doing at all
Yui-chan! Yui-chan!
You shouldn't access it yet!
What is it, Haruna-chan?
Aksek?

5 *Yui is confusing A-KU-SE-SU and A-KU-SE-SU!

Stopped
Your computer seems to be frozen!
Ka-suga Yui-san!
Ye, Yes?!
*Bakashi = stupid
Wh-what, Bakashi?!
Access! That means "to connect to." Yui, you're really..
*Freeze = when a computer has stopped completely
My, my, Yui-chan
Oh? I had no idea.
What's this "Bakashi?! Bakashi?! My name's TAKASHI!
Don't be proud of it!
I usually freeze computers like this!
One who can freeze a computer during startup is quite the marvel
Huh?
What was that raccoon?
???

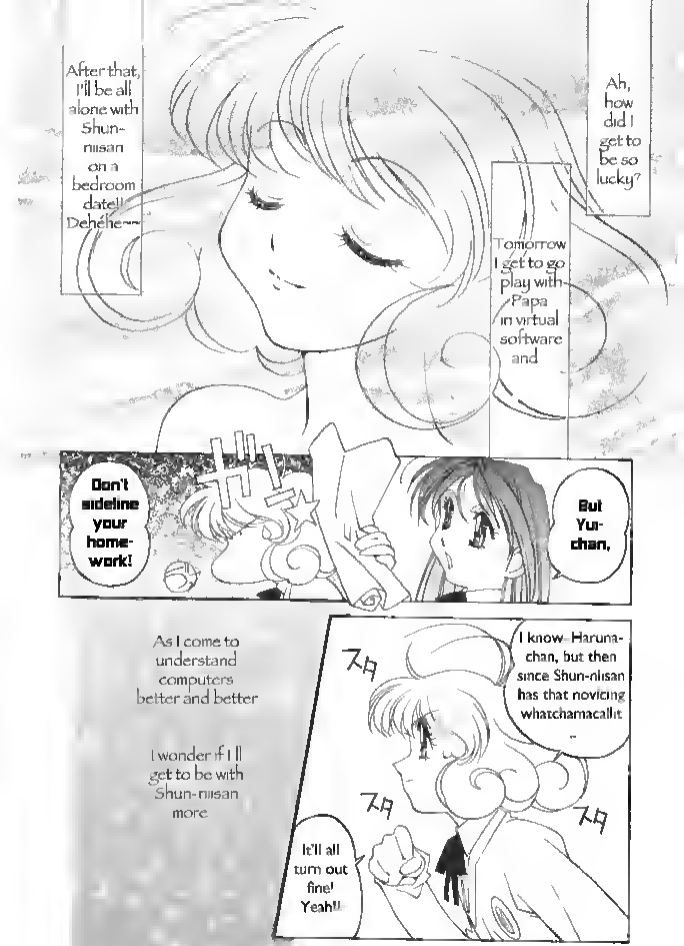
Won't you shut up, Bakoshi?
You're just really bad with comptuers, Yui
Take care, everyone!
OK!
OK! That's it for today!
Those who could not use the ComNet program will do so as homework!
Waaaaa!?
This isn't just homework
Do your best, Yui-chan!
Ah, this is some very bad luck.

That isn't so How can you think that the computer isn't your friend?
Today looks bad. I don't get along with Computer-kun, it seems
Oh, no, I'm not a genius
A genius like you, Haruna, wouldn't get it.
Isn't that awesome!? Isn't that awesome!? Isn't that awesome!?
Oh yeah! I'm going to be trying out Papa's company's new software: "Virtual Theme Park Galaxy Land!"
Ye— yeah
Huh?
Yui-chan, what'll you be doing tomorrow, on Sunday?

The Angel Castle attraction in the center lets you take on enemies wearing a costume called the "Elemental Suit" which is given to users!
"GalaxySoft" lets you experience many attractions from inside your own house! You won't need to stand in lines anymore!
Is .. is that a fact?
Using GalaxySoft Sunday means you'll have to do your homework tonight...
Oooh!
Oh yeah! You should go with us, Haruna! I'll see about getting you your own copy!
K. Bye-bye, Haruna.
Take heart, Yui-chan! Bye!
Aaaw!
Th- that's right, huh?
Then we can team up wearing Elemental Suits!

Ah, if only I could just go click-click-click and have the computer work like Haruna does!
Hehehe
It looks like Yui-chan is as weak as ever with computers, eh?
Ah!
Shun-niisan!
Well you're a college student studying computers, so you don't understand
Haha! Sorry! Sorry! I was just messing around with you a little bit.
Oh, yeah?

Our university has developed a novice computer control software. Would you help evaluate it, Yui-chan?
Novice? Huh?
Hahaha, it's a program that simplifies other software
So then might it make the ComNet program easy-to-use too?
Yay!
That software will be complete tomorrow.
I'm going into GalaxyLand with Papa tomorrow, but I think I'll be back by the evening.
Then I'll bring it over to your house tomorrow evening.
Certainly!



Ah, how did I get to be so lucky?
Tomorrow I get to go play with Papa in virtual software and
After that, I'll be all alone with Shun-niisan on a bedroom date!! Dehehe~~
But Yu-chan,
Don't sideline your homework!
I know~ Haruna-chan, but then since Shun-niisan has that novicing whatchamacallit -
It'll all turn out fine! Yeah!!
As I come to understand computers better and better
I wonder if I'll get to be with Shun-niisan more

I'm sorry Yui!
WHAAA, We can't use GalaxyLand tomorrow!?
I'm home!
Welcome back!
DIGI-TECH
We found a major bug in GalaxyLand..
No way!
But Mama!
Yui, your father cannot help it, it's his job!
You always say things like that and break your promises!
I'm really sorry!
Either way, WeatherNet says it's going to rain tomorrow
Phooey, GalaxyLand is an experience software, so it doesn't matter if it rains!

Grosser! Does this mean you think you have won?
FU FU FU
You sur-prise me, Profes-sor.
You can't run from me, Profes-sor Inukai.

I will continue to evolve endlessly... It is impossible to run away from me!
The whole CompNet, everywhere on Earth is in the palm of my hand.
Wh... what did you say!?
It's too late, Grosser!
Now, surrender and give me the eight software!
Moreover, I will take your life on this computer-controlled linear road.
Not even I know where they are!
Those software have been scattered across the Net!
Pffc!

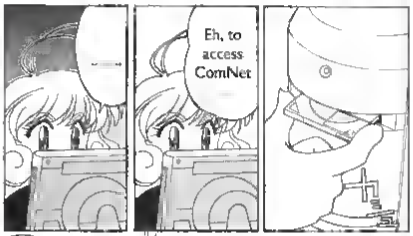
Yes, my lord!
You must go forth and seek them!!

Sunday

Papa won't be coming home, either. Is this God telling me to do my homework? Aaaaw
Aaw. WeatherNet wasn't off either, huh? I feel so down!



Eh, to access ComNet

No way, I don't believe it!
Did it freeze again?

What're you stopping for?!
HEY! MOVE! MOVE!

Huh?
Hitting the computer is futile!
Cause it's not an old TV
That voice just now–
Who is it!?
Wh– what?
What on Earth!?
KYAA!

My name is IR and I am an inhabitant of ComNet
Whew I finally got out!
Huh
Though I m not sure how I was summoned and then you loaded me into this PC
But now I m finally free It s such a relief!
All that is found if you go to the ComNet info center
H .. how do you know my name?
Yui dono*
But you ve messed up a computer twice now That s bad

*-dono is an archaic honorific roughly equivalent to -sama.

ぼろ
This this is terrible Yui-dono!!
I want you to come with me!!
exactly where?
You want me to come with you
Anyway, I guess this is goodbye
Ye, yeah
"Inside," you say!! Like I can get into a TV!!
Bring your face close to your monitor
That's good Just stay like that
How how's this?
Into the computer!! To the world of ComNet!!
WHAAAAA!

Now I'll read your retina pattern and create a Yui dono avatar
Hmm, yeah I don't really get it.
It is complete. Next, push the Enter key on your keyboard
Enter key, huh? Enter key
There it is
And press
ent
That's an electronic copy of Yui dono so to speak.
!!

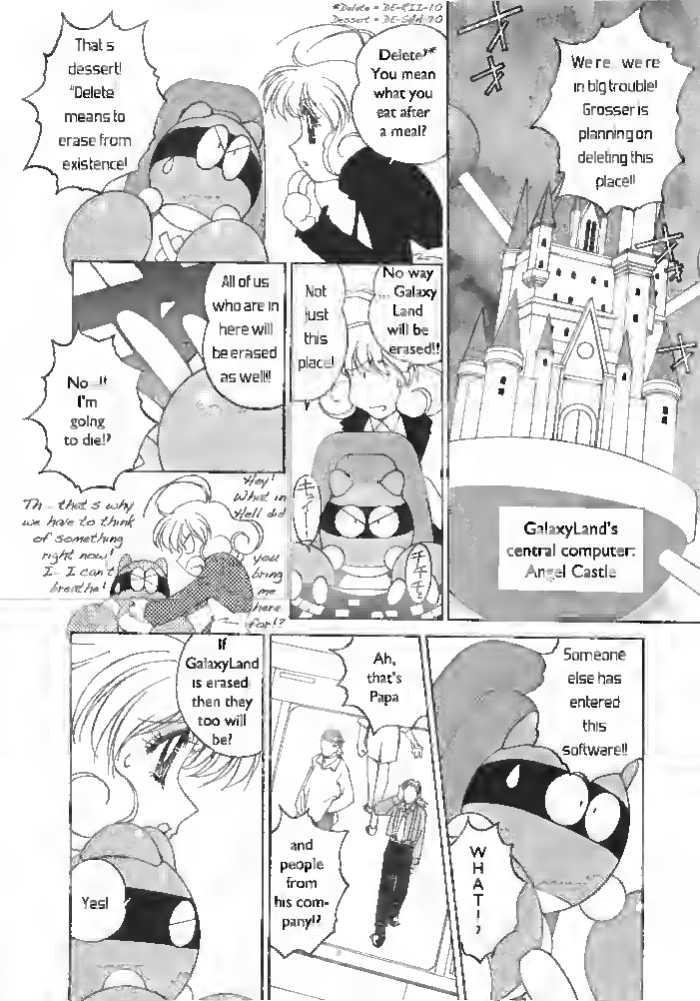
ぽて
This is the inside of a computer? Amazing! Incredible!!
I can hardly believe it! Maybe I'll tell Haruna...
But... this has got to be a dream
キャーーーーーー

Ah. It's alright. I just came over to drop this off. If I could just give it to you...
Shun-chan went to all the trouble of coming over for you, jeez...
Yui!
YUI'S ROOM
Yui, we're coming in!
Honestly, Yui, are you in there?
My, she's fast asleep!
Zzzzz...
I don't think it's even remotely like that.
Just like Sleeping Beauty right?

It seems to have become envious of humans' emotion
At this rate the world of ComNet will be irrevocably changed
We must fight it! To do that, the seven other software allies must be found.
What will you do?
Grosser's grasp has been increasing all over the place
Grosser?
He was the ComNet main computer. Now he is an evil entity which seeks to conquer the computer world
Wow, that sounds kind of neat!!
Ah.. something is appearing!
You shouldn't be so at ease with it.
It's the data colony of some new software

AH!!
We must hurry and discover Grosser's plans...
What's the matter?
Hey! let's go play!! I was planning on coming here anyway!
This place is GalaxyLand! Wow! We must be in Papa's company's computer!
GALAXYLAND
What are you saying!? We don't have time to play around!
It's already happening Grosser is moving forward with his plans to conquer ComNet!!
Come on we have to hurry!
Is that a bad thing?
GalaxyLand is covered by a black fog. Evil Mist
...but why is that girl with it?
Inukai's software
So you finally showed up!

Yui's Papa's company:
ElementarySoft
Co, LTD
Man, what a bug!
It had to happen right before the launch, too...
Yeah...
It wasn't like this last week.
There's already tons of ads out.
I want to find a way before next Friday.
For now, let's go in and take another look at the bug.
See you inside the computer
Once you enter, there are no two ways out.
Hahaha, that would be impossible



*Delete = 消去-けしさ-10
Dessert = 消化-しょうか-10
That's dessert! "Delete means to erase from existence!
Delete?* You mean what you eat after a meal?
We're... we're in big trouble! Grosser is planning on deleting this place!!
All of us who are in here will be erased as well!!
No...!! I'm going to die!?
Not just this place!
No way... Galaxy Land will be erased!!
GalaxyLand's central computer: Angel Castle
Th-that's why we have to think of something right now! I... I can't breathe!
Hey! What in Hell did you bring me here for!?
If GalaxyLand is erased then they too will be?
Yes!
Ah, that's Papa
and people from his company!?
Someone else has entered this software!!
WHAT!?

What can we do!?
What are you saying!? If we do that, won't GalaxyLand be destroyed by that so-called "Grosser" thing!?
You can't just let that happen!! Papa and the others have to be saved, too!! Furthermore...
Anyhow, at least we can get out of here!
I still haven't gotten to play here yet!!
Further more?
Come out here, Inukai's software!!
That must be one of Grosser's gang!
You should cease your futile efforts at resistance and surrender to me!!
Exactly!! My name is War Wolf!!
I.R.! It's OK! Look!
Wan-chan* challenging you!
*Wan is the sound of a dog barking

He's a perfected battle-type command software!! I don't stand a chance against him!!
He's not "Wan-chan!"
We will continue with the destruction of this new release software.
War Wolf-sama, shall we storm in there?
I think that surely this'll get all eight of Inukai's software!
Exactly! We shall overtake the castle!!
Oh yeah! This place has the Elemental Suit!
That's what it means to fight...!!
Aren't you going to face him!?
That's what I said I can't...
Wolf Commandos, assemble before me!!
Yes, Master!!

The wearer of this Elemental Suit can defeat bad guys!
I R.I! Over there! That!! That!!
That's what the Elemental Suit is for! It's perfect, right?!
Maybe the weapons are all sold separately...
Ah, but since I'm not familiar with it, maybe it's just ordinary clothes.

Looks like he's thought of something

LIFE MEDIA
Scan complete!!
I've increased both its defence and mobility!
Soon you'll be able to down load the Elemental Suit data!!
Not necessarily! My RealScan function can let you use it as an item of real power!!
For real!?
You're up Yu-dono!!
Trans-form!!
ELEMENTAL SUIT DOWNLOAD!!
All right!! I've always wanted to try that once!

Evil lackey of Grosser, you will not be allowed to do as you please!!
What!? Who are you!?
The ComNet Fairy, Corrector Yui, will be your opponent!!

I just thought that if I wave this stick around, it'll work.
I just made it up! Wasn't it cool?

Maybe it's wasn't resolvable all along...!!
The bug is steadily worsening!!
Wh... what? I can't return!
A... anyway, let's go back to the real world for now
To be unable to go back!!
That... that can't be!!
We .. we can't be stuck in here for the rest of our lives!?
YUI!!!!!!!!!

I won't forgive you, brat!
You've taken out all the Wolf Commandos...
GU!
Hey, hey, Wan-chan! Over here!
Damn that brat!
Now Yurdono erase that black fog, the Evil Mist!

CORRECTOR STARLIGHT SHOWER!!
I'd bet this stick'll do the trick.

However nothing else will come of you just yelling nonsense!
You have nowhere else to run!! I will finish you off!!
Precisely, brat!!

No either would be bad.
Ah, is that so? That's a relief.
Yeah, right! Who would date you??
That War Wolf's damage has been undone
Ah, look! Look! All the broken things are fixed!!
This place has been liberated from Grosser's influence
Not 'date,' 'delete!' It means to erase!
*Yui has confused DEE TO with DE KIE TO

Ah, the Elemental Suit!
It's such a relief that Papa's GalaxyLand will be alright!
But Grosser hasn't been entirely defeated
It's disappearing?
This way you can always become Corrector Yui
I'm copying the Elemental Suit data for retention in my memory

A message from **Midori Manga**

I hope you're enjoying the second chapter of Ka Asamya's Corrector Yui! Feel free to distribute this translation by any benevolent means your heart desires. I do all the scanning, editing, and translation by myself, so please be kind and leave the credit message intact!

If you feel so inclined, do visit my site and/or drop me a line.

This spot originally had a congratulatory message from Ohmoto Makoko (the voice of Yui) to Ka Asamya which I tried to translate, but her handwriting was just too sloppy! Sorry!

XOXOXO,

Ah...
H... hey! Where are my other clothes?! MY CLOTHES!!
Ah, that was a shock♡ You can't just transform willy-nilly in front of people!
People don't want others transforming in front of them either

AAAAA
OOF!
Yeow, ow, ow...
Damn that raccoon and that brat!
You have failed, War Wolf.
GULP!
So you've found one of Inukai's software.
Grosser-sama, forgive me!
G-G-G-G-

Yes, my lord!
No, it is I, Jagy, who will catch this software of Inukai's...
I Freeze should have been entrusted this task from the beginning
FUFUFUFU I, Virus, am the one who can carry out Grosser-sama's desires...
See to it that my ambitions are not thwarted!
Shitennou, combine your strength to search for Inukai's eight softwares!!

Yui-dono, I have a formal request
I want Corrector Yui to locate the other software with me.
We shall see to it that events like today's won't be repeated!!
Those other... software you mentioned, what are they?
They are the software needed in order to seal Grosser.

We are software created by Grosser's father, Professor Inukai
Only once the eight software myself included gather can we bring Grosser under control
I'm so happy!
Re really!!
Those software should be found.
I want to be a voice actress and a comic artist, so of course I want to be an avatar of justice! Ehehe!
Well, I want to transform into Corrector Yui again!
OK! I'll help you out!!

It can't be, but who was that?
Yu...i?
Hm?
We can get back
Ah, it's alright.
Can we get back now?
The bug we identified is entirely gone.
Kasuga-san, the bug just disappeared without our noticing!
How did this happen?
Eh?
YUIIIIIIII!
Yui, Papa is coming home to you now!

Zzzzz

I... was I just... dreaming?
Yui's House
Ah honestly, Yui! You finally woke up!
That was a dream... after all...?

Sorry about that!
Jeeez!
Shun-niisan, what's all this "Sleeping Beauty" stuff?
Hahaha Don't be so flustered,

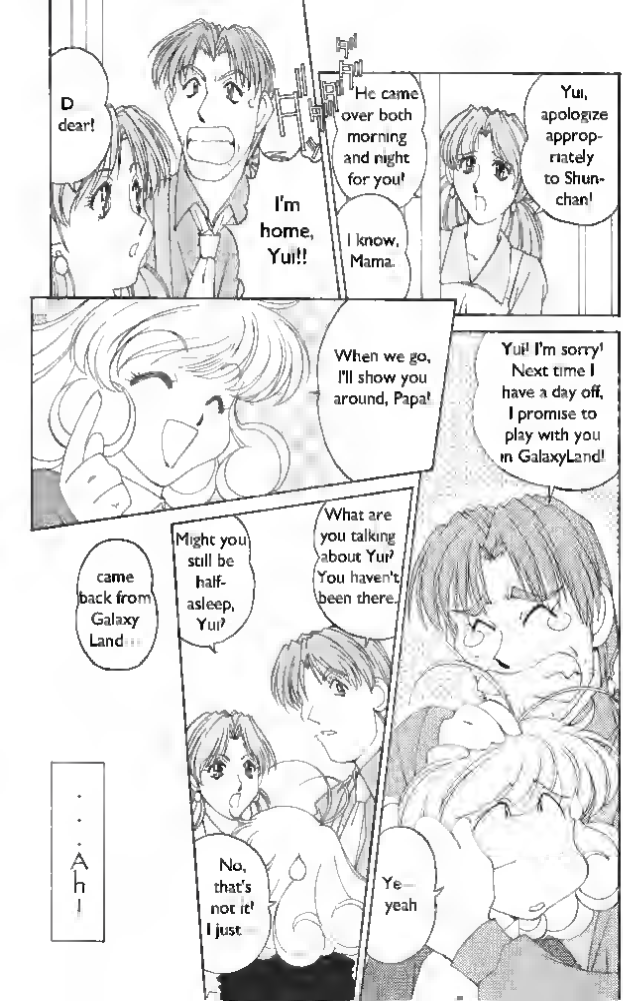
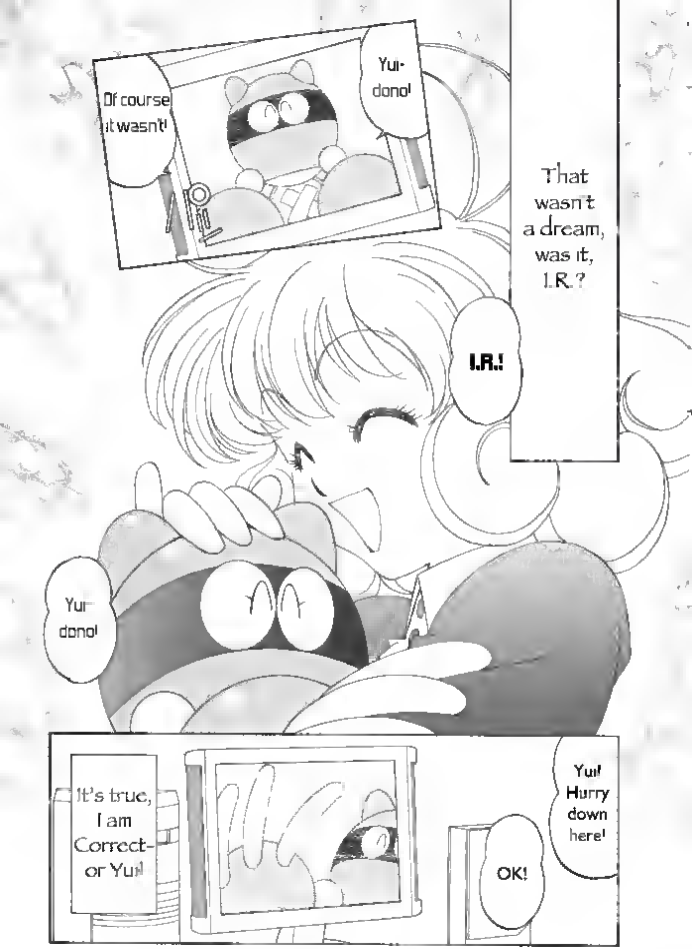
But if Shun-niisan called me that, it's good right?



D dear!
I'm home, Yui!!
He came over both morning and night for you!
I know, Mama.
Yui, apologize appropriately to Shun-chan!
When we go, I'll show you around, Papa!
Yui! I'm sorry! Next time I have a day off, I promise to play with you in GalaxyLand!
came back from Galaxy Land!!!
Might you still be half-asleep, Yui?
What are you talking about Yui? You haven't been there.
No, that's not it! I just...
Ye— yeah
. . . Ah!

Oh yeah that's right.
That I'm Corrector Yui is a secret.
Because I'm a heroine of justice!
Yeah!
I wouldn't know about that!
That's our Sleeping Beauty!
Hahahaha You're still dreaming even though you're awake?
.....
You have to stay for supper, Shun-kun!
It's about time for supper
S-sure.
That's right.



That wasn't a dream, was it, I.R.?
I.R.!
Yui-dono!

Love Prediction at FortuneNet
うらな

What is that, Akiko-chan?
Love Fortune Net?
Yui-chan, you don't know?
It's the latest craze!
I am Fortuna, the diviner What troubles you?
Ah, it loaded! It loaded!
I'm just attuned to the latest trends, but if you say so!
Akiko just loves fads, doesn't she?
Hey, Reiko, what do you mean by that?
This fortuneteller, Fortuna, is very good! She forecasts with warmth and consideration
Ah, it's all loaded, huh?

Accuracy? She's more accurate than WeatherNet, and she's right on when it comes to love troubles!!
Yes, but is she accurate?
Were you explaining something to Minami-sensei which she didn't understand again?
Ah, Haruna! You're late! Laaaate!
Sometimes I can't tell who is the student and who is the teacher
Yes, though it was a basic program...
I apologize, my meeting with the teacher ran over...
was a great help. Thank you!
Ah! Akiko-chan, your showing me Love FortuneNet

In that case, I want to get Shun-niisan's and my forecast
Are we compatible? What should I do to get his love?
Huuuuh, so Love Fortune Net does predict well
Isn't it? Isn't it? Ah, oh yeah, so you and Takashi-kun..
Huh? W... Well... Um..
Yui-chan, is there someone you want a fortune about?
Eh?
Hahaha, no way!
Eh?
What? "I want a fortune!" is written all over your face!
I want a fortune!
N... No it isn't!
Ah...
Too bad, we'll have to do this again later

When you shop on ComNet
you definitely should use encryption on your card
Huh?
Everyone's so strangely intense - is something the matter with them?
Hey Haruna?
Ha... Haruna?
Diviner Fortuna-san- please tell me more! Does Takashi-kun have interest in me... or-

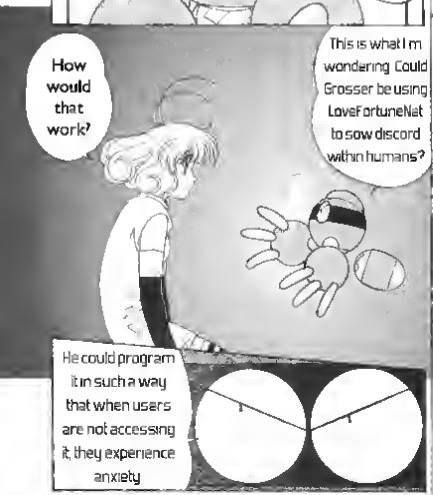
I can't understand his feelings! I'm so, so worried!
How do I get out of this pinch?
E... Everyone's using Love Fortune Net!?
Save me from this insecurity, Fortuna!
What's the matter with everyone? We're in the middle of class right now!
What should I do?
What can I do about this anxiety?
Huh?
Did everybody get that? ♡
..And that's how it works
Every one... Was was just...
ignoring me?

How awful! For everyone to ignore me...!
Minami-sensei!
Minami-sensei!
What's the matter with all of you!?
You're acting strangely!
I'm very serious! You and everybody in class were on Love FortuneNet.
Don't you remember?
No... No.
What? Seriously?

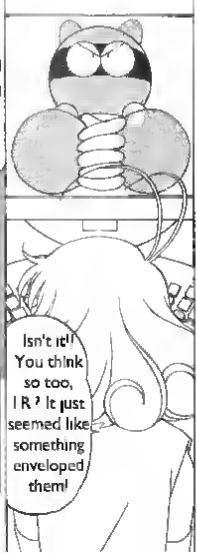
It's for the best! It was definitely suspicious!
Y... Yes, I understand. I'll restrain myself.
Haruna, maybe it's better to avoid Fortune Net!

It is the stench of Grosser!!
This stinks My chips tell me that

That is certainly suspicious!!

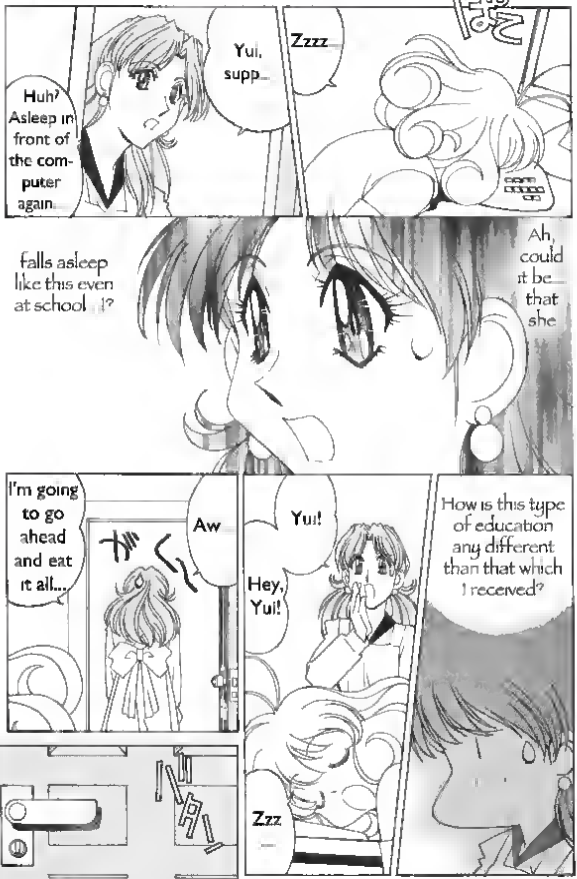


How would that work?
This is what I'm wondering. Could Grosser be using LoveFortuneNet to sow discord within humans?
He could program it in such a way that when users are not accessing it, they experience anxiety



Isn't it!! You think so too, I R ? It just seemed like something enveloped them!

In other words the more one accesses it, the more able Grosser is to give orders to that user
No way!
We'll go to LoveFortune Net and take Grosser's lackeys down!!
I have to save them!!
COMNET MEMORY RUN!!
COR-RECTOR YUI ENTER!!
So you have decid-ed



Huh? Asleep in front of the computer again...

Ah, could it be... that she
I'm going to go ahead and eat it all...
Aw...
Yui!
Hey, Yui!
Zzz...
How is this type of education any different than that which I received?

Does Takashi-kun have another in his heart...?

Yui-chan told me to stop but...
I can't... There's nothing else I can do to relieve this disquietude

You call it initialization, but do you even know what that means?
Ah!
Grr...
It seems like you could stand an initialization.
Huh?
No. Well... No, I don't know
I can't initialize her!?

*"Corrector Initialize" is in English, Freeze simply translates it as Japanese for You, to whom it apparently was just some magical nonsense words

For the sake of peace in ComNet
Will we meet again?
It's a ComCon With it, you can always contact me
Right!
Yes. I am always in the ComNet. Let's do our best together
Wow, how convenient!
Then that means I can always transform huh?
Oh, boy...

Now that everybody's back to normal, Shun-niisan and I can...
Yeah, tomorrow, then! Bye-bye!
See you tomorrow!
Eh? You're going on a date with Takashi this Sunday? Good going, Haruna!
Thank you, Yui-chan.

She's an eighth grader at Scroll Middle School.
Hmm, so that's how it is
Ye... yeah That's how it is.

*Yui is shocked because she is not using any honorific for Shun, which implies some kind of close relationship.

Ye... yeah
See you, Yui-chan
Shun, let's hurry. The live event is going to start!
Pl... pleased to meet you
This is Kunihara Chiaki-chan. She's a tenth grader at Kagurazaka High School I'm her tutor

The park takes on various forms, so many different people go there to play and relax.
The persons who cannot return were accessing GreenlandNet
Greenland? You mean the country?
The the people who went there have not gone back
Which also means that nobody knows where they are.
We do.
No, it's a popular Net which looks like a large nature preserve
Hmm...

Wow! It's amazing!
Wah! What's all... this trash?
This is shameful!
Mmm... It feels like your mind and body are being cleansed.
The visitors must've just dumped their junk here.
There's all kinds of garbage.
I can see why this Net is so popular.
Huh?

I don't know who did all this, but let's dispose of it all properly!
Aren't we looking for the lost people?
Here, too. What a mess!
More over there
Just look at it..

They must be the missing people!!

I won't allow it!! You will become one with the trees and taste the sorrow which pollution breeds!

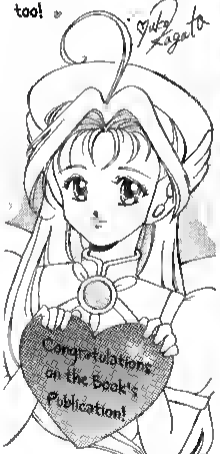
A Congratulatory Message From

Kagata Yuuko san
(Anime Voice of Haruna)

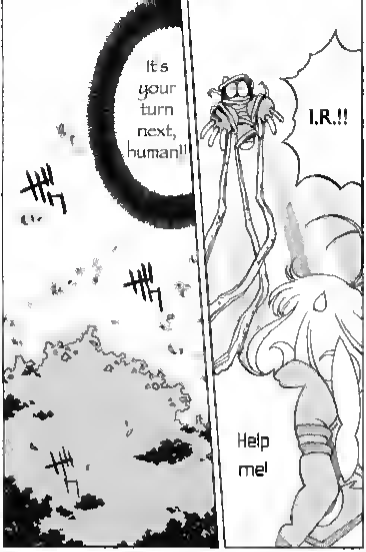
♥ Ciao, girls! (Ciao, boys?) Nice to meet you. I'm Kagata Yuuko, I play the voice of Haruna in the anime version.

♥ I'm a big fan of Asamiya-sensei, just like all of you. It's been my dream to someday perform in one of his shows. You all should keep your dreams close to your hearts, too!

Yuko Kagata



Let's do our best together to the anime version!♥



Today has been a mess from the beginning!!
I'm getting SUPER ticked off! You won't listen to what people tell you, so I'm going to DUMP, DUMP you into the trash!

Ah, you saved us!!
Thank you so much! We won't litter anymore!

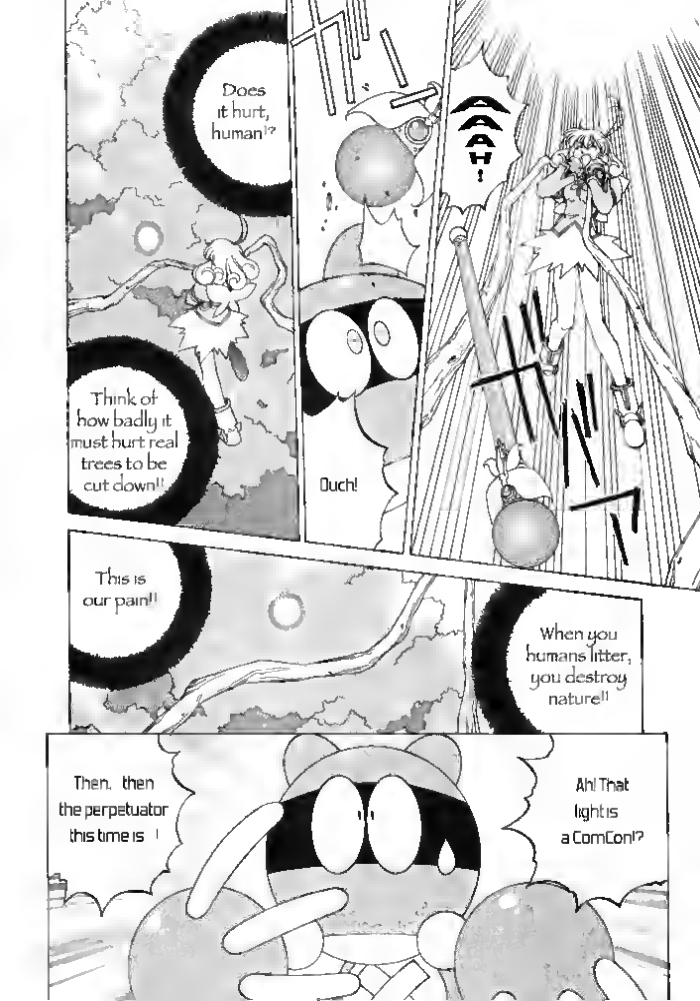
I.R.! Get a grip! Hey!
Uuuh...
Good good-bye!
Be sure to dispose of all garbage properly!!
KYAA!
I don't know what you are, but I won't let you get in my way!!



Does it hurt, human!?
Think of how badly it must hurt real trees to be cut down!!
AAH!
Ouch!
This is our pain!!
When you humans litter, you destroy nature!!
Then, then the perpetuator this time is !
Ah! That light is a ComCon!?

Guuu...
If this keeps up... I'm going to die...
Stop this!!
What?
This girl is Corrector Yui! She and I are looking for Professor Inukai's eight software!!
OW!
AUGH! Now I'm really really REALLY
I shouldn't have to be the only one to suffer!

Shun-niisan, you
IDIOT!
AAAAH!

Uh...
Eco dono! What are you doing in this place!?
Don't you see the garbage thrown everywhere?
Once humans finish with something, they just throw it away
As I thought, it's Eco one of the eight software!!
What... what do you mean?

Humans are the most selfish animal. How many Nets have you made which are left uncared for and trashed? A virtual environment is still an environment, isn't it?
When Professor Inukai scattered us across the Net, I landed here and heard the sorrow of the forest, the plants, and the earth! So I tried to punish the humans
By trapping them in the trees I could give them a taste of that sorrow
So that's what it was
But now those humans have repented.
So it seems
Anyhow we've found one more ally. To thwart Grosser's ambitions

Hold it, I.R.! You can't be serious!
You said we have to find the software to defeat Grosser
I.. Uh. Well
Huh?
So what does it mean when one of the software attacks us!?
Had it gone on any longer, I'd be dead!
And are you even trying to defeat Grosser?
No! Is there really even such a thing as Grosser!? Is all this just lip service!?
Absolutely everybody is playing me for a fool!!!

Yui-dono..
I don't need this thing!!
Yui-dono listen to me..
I hate you all!! You, I R.!! And Grosser!! And computers!!
Yui-dono!!
And Corrector Yui, and Shun-niisan
I hate them all!!

See? Look at what selfish things humans are.
Yui-donoooo!
If you go into the Net sea without a CornCon
you're going to get lost!!
I.R. is she really the girl you chose?
Is she really...

a corrector at all, I.R....?

Mutou Yuuji -san
(Director of the Anime)

Asamiya-sama, congratulations on the book version of Corrector Yui At Yui-chan's production theater! ..so we call it, I am directing anime Yui-chan's personality, preferences, manner of speaking, etc. Yui-chan isn't the sort of kid you'd really think of as a "heroine of justice." It feels almost like she's a heroine of justice just because she's the one who can transform. I guess her main motive isn't so much justice as stubbornness and the pursuit of anything fun. She never hesitates once she's decided a course of action, and this is a good trait of hers because even a great evil such as Grosser (though she often fails to detect such large evils.—) will not deter, intimidate, nor beat her. That's because she's our Kasuga Yui, a.k.a. Corrector Yui.

A Congratulatory Message

Sumisawa Katsuyuki-san
(Anime Series Planner)

Congratulations on the publication of the book version of Corrector Yui!

Here are some Nets and plots which didn't make the anime series!

1 MysteryNet
We thought this up in the Summer. A Dracula Virus and a Franken-Jaggy go on a rampage.
(Ditched because it was likely to not be broadcast due to Koshien.)

ArabianNet
Takashi and Haruna's love story would develop in a Net based on One Thousand and One Nights.
(Ditched because there were issues with Bakashi's character and conduct.)

Lobs of Yui
A story in which Yui's four-panel comic theater is real scanned and she enters the world created through it.
(Ditched because the image was quite complicated.)

The Game of Life at FutureNet
A story which takes place in a network in which you can simulate the future. Therein, Yui does her best in order to become Shun-niisan's bride.
(Ditched because the PrincessNet story was funnier.)

In order to make anime, you must make various tough decisions such as these. Throwing out ideas is difficult, isn't it, Asamiya-sensei? (Please Restore my tossed plots!)

Series Planner,
Sumisawa Katsuyuki

EVERYONE EXCEPT ME IS GOING SOMEWHERE THIS SUMMER VACATION!

"WHY?" YOU ASK?
WHAT A RELIEF MOHAWK GUY!
WHEW!
BECAUSE I'M A HEROINE OF JUSTICE!
BECAUSE I COULDN'T NOT SAVE YOU! THAT'S HOW HUMANS ARE— MOREOVER...
I WON'T THANK YOU, CORRECTOR YUI!!

To be continued in Corrector Yui②

That was the sixth chapter, concluding volume 1 of Kia Asamiya's Corrector Yui. I changed some of my editing and typesetting techniques (as you may have noticed), hopefully it's an improvement!

There is still another volume comprised of six more chapters of this version of Corrector Yui which I'm going to start working on as soon as I get some homework out of the way. (Seriously, I felt like Yui's mom, I.R., and Jaggy were talking to me!)

Of course, everybody who wishes to is perfectly welcome to distribute this and any translation I produce so long as there is no monetary profit made in so doing. You may visit my site at http://midori.ath.cx and download the ZIP files and/or drop me a line if you so desire.

XOXOXO,
Midori
